

# Porsche 993 Carrera

1995

## Highlights

- ✓ Only 94,950 kilometres on the clock
- ✓ One hand since 2015
- ✓ Imported from Japan in 2015
- ✓ Tiptronic
- ✓ Electric windows

Experience the legendary Porsche 993, the last air-cooled model in the 911 range from 1995.

This classic sports car originally comes from Japan and features the classic colour combination of Polar Silver Metallic with a black leather interior. The 3.6-litre engine delivers 272 hp in the Carrera and transmits its power to the rear wheels via an automatic gearbox (Tiptronic).

This 993 Coupé returned to Germany from Japan in 2015 and has been in the same ownership ever since – for over 10 years. Since 2015, the vehicle has been serviced at the same Porsche workshop. All MOT reports from that time are available and confirm the current mileage of 94,950 km. The vehicle has always had a seasonal registration from March to November, meaning it was not driven in winter.

The vehicle has already been fully repainted once in the original Polar Silver Metallic colour. The colour scheme, combined with the Speedline Targa wheels, makes the 993 a very classically elegant car.

The MOT was renewed in November 2025, meaning the car is ready for immediate and reliable use. Since September 2025, the vehicle has been eligible for an H-licence plate, which we will be happy to hand over to you upon purchase, so that the next owner can register the 993 directly with an H-licence plate.

This 993 Coupé is a genuine 'driver's car' that has been reliably serviced and maintained over the last few years. It's simply a case of: get in and drive off – no frills, no compromises!

We warmly invite you to come and view the car at our premises! Viewings and test drives are, of course, possible at any time by prior appointment.

We are selling this vehicle privately on behalf of a client. Subject to errors and prior sale.

## 79.500 €

Price (VAT not deductible)

Viewings and test drives are possible at any time by appointment.
